

## **Practical Languages - Funding Notice**

### **Entry Level Awards**

As a result of the queries from centres regarding the inadequate funding offered for the range of entry level language awards, National Office LSC have finally agreed that all awards will be load banded.

This change in funding will be published on the Learning Aims Database (LAD) at the end of August.

Centres must confirm their learning plans with their Local Learning and Skills Councils. Any queries the latter may have should take them up with National Office by contacting [mark.wisdish@lsc.gov.uk](mailto:mark.wisdish@lsc.gov.uk)

ABC has worked hard to rectify this anomaly and now hopes that centres will be able to offer the provision demanded by their learners.

Any other queries directly relating to the awards themselves should be directed to [danielm@abcawards.co.uk](mailto:danielm@abcawards.co.uk)
