

Centres applying for Special Arrangements

1 General

1.1 Please also refer to the ABC Awards (ABC) / FAB Guide to Centres 'The Application of Reasonable Adjustments and Special Consideration in Vocational Qualifications'. This document sets out to explain the range and requirements of centres requesting reasonable adjustments and special consideration.

1.2 ABC will be happy to discuss any additional requirements for client groups experiencing other barriers to assessment opportunities that may not be addressed in this document.

1.3 Centres must refer to ABC's Permissions Table (3005 E2B) which indicates which reasonable adjustments require permission from ABC.

2 Reasonable Adjustments and Assessment Arrangements

2.1 Requests for Reasonable Adjustments for external assessments.

2.1.1 Please send a written request to specialarrangements@skillsedugroup.co.uk at least **28 working days**¹ before the date of an external paper based examination. In the case of onscreen tests or examinations please send a written request at least 5 working days² before the date of exam/test. A standard form (E2) is available for this purpose from the our website. This request needs to come from, or be authorised by, the person responsible and qualified at the centre for assessing learners' needs.

2.1.2 Please ensure that you attach to all requests, medical / appropriate evidence or a signed statement from an authorised member of centre staff as verification of need. The reasonable adjustments which are requested as a consequence of a learner's need must be clearly indicated.

2.1.3 On receipt of your request, We will review the evidence supplied and if approved will confirm this in writing to you. You will receive detailed requirements of the adjustment you have requested and form EX4a. This form, when completed, confirms whether the requested adjustment was applied or not during the external assessment and must be returned to ABC's external examiner with the completed candidate scripts and EX4 Attendance Register/onscreen invigilation pack. If this form is not returned ABC will assume the adjustment was no longer required and was **not** applied. ABC will require the centre to explain why the adjustment was not applied.

2.2 Reasonable Adjustments applied during internal assessment

¹ Shorter notice may be possible for some adjustments. Others where specific modifications to papers are required should contact ABC for advice.

² Shorter notice may be possible for some onscreen adjustments please contact ABC for further advice.

2.2.1 Evidence of all reasonable adjustments applied during internal assessment must be made available to the external moderator during external moderation and Audits. This can be supplied on centre documentation or centres can use the form supplied by ABC (E2C).

3 Special Consideration

Please refer to ABC/FAB Guide to Centres 'The Application of Reasonable Adjustments and Special Consideration in Vocational Qualifications', section 7 on the requirements for special consideration.

3.1 Request for Special Consideration for timed external assessments.

3.1.1 A written request must be sent to specialarrangements@skillsedugroup.co.uk within 5 **working days** of the external assessment taking place. A standard form (E2A) is available for this purpose on the ABC website. ABC will assess each request on its own merits.

3.1.2 Requests must attach medical, other appropriate evidence or a signed statement from an authorised member of centre staff (usually the Examinations Officer) fully outlining the circumstances why consideration should be given.

3.1.3 Any adjustment made will be small (no more than 5% of the total marks available and in line with JCQ_{CIC} criteria – see Appendix 1) and may not be considered at all if alternative assessment arrangements can be made. Learners who take an alternative sitting will not be charged a re-sit fee.

3.1.4 If an adjustment is agreed it will be confirmed in writing what adjustment has been made.

3.1.5 Learners who absent themselves from an examination will be allowed to sit on an alternative date subject to ABC Awards receiving, within the timescales specified, acceptable evidence that the learner was unfit to sit the examination at the scheduled time.

3.1.6 Learners who are simply absent from an examination for which they have been entered without explanation, may re-enter, but such entry will be considered a re-sit and the published fee charged.

3.2 Requests for Special Consideration for other Assessment

3.2.1 There may be other instances where centres may feel it appropriate to request special consideration. In all cases, centres are required to put that request in writing to specialarrangements@skillsedugroup.co.uk. The request will be judged on a case by case basis.

4 Appeals

4.1 In the event centres wish to appeal against any ABC decisions made on the above, they have recourse to ABC's Enquiries and Appeals policy and procedure on the ABC website.
